### Intro to Overtone Singing

Feb 10 @ 10:00 am – 11:00 am

Learn to sing two notes at the same time.

Do you really need more information than that? Ok. Maybe you do!

Overtone Singing is a technique that enables 1 vocalist to produce and, with a bit of practice, control 2 notes simultaneously. Overtone singing can be used in various contexts, from emulating synthesized sounds to full self-polyphony. When multiple voices come together to sing in this style, a relaxing, glowing atmosphere is created. This workshop will explain the theory behind overtone singing and teach the basic techniques of producing them.

#### About Us!

Harmonic Introductions is a small vocal ensemble dedicated to expanding the awareness, appreciation, and understanding of overtone singing. Founded by Robb Saffell and Julian-Israel Canizares in Spring, 2012, Harmonic Introductions seeks to teach, perform, and build a culture and community focused on the art of overtone singing.

**Vocal Technique “Myth Buster” Edition: Anatomy vs Pedagogy**

Feb 10 @ 11:00 am – 12:00 pm

One is a master teacher. One, a master of anatomy. One has a litany of professional level students. One has successfully healed thousands of patients by physical therapy. Together they attack vocal technique from the ground up!

What vocal technique is just wishful thinking? What vocal technique will only work for a few years before the voice can't handle it? What vocal technique has scientific evidence to back it up? It's time to find out what science says.

Ron Meixsell will discuss and demo vocal registers and how to isolate and re-balance them; helpful hints for staying healthy and managing illness; posture, breathing and much more!

Get the cold hard anatomy facts from licensed physical therapist, Michael Miller.

Vocal teachers use **analogies** to elicit physical changes. It works for some and frustrates others. Why not just cut to the chase and learn **what's really happening?**

Michael will use the latest scientific research to explore healthy vocal technique. What's real and what's bunk? Michael will present the hard data, walk you through the physiology and then demonstrate the effect on the voice. Then it's your turn to try it out! Sing healthy. Sing high. Sing strong!

Michael Miller is a licensed physical therapist and professional singer/actor/trumpet player with many decades of training and performance. He has performed with professional a cappella group, Blind Man's Bluff, and extensively in regional musical theatre.

Ron Meixsell's resume is too long to reproduce. But highlights include conducting the Army choruses in Frankfurt Germany, and teaching music at high schools, Five Towns College, Upsala College, and Dowling College. Ron has sung with The New York Grand Opera, Opera on The sound, Opera Options, Manhattan Opera, and The Maine Opera Company. He has performed at Alice Tully Hall and The Bruno Walter Auditorium, both in Lincoln Center, NY. For twelve years Ron was the designated singer for The Long Island Association where he sang the National Anthem for major dignitaries including former Presidents Bill Clinton, George H.W. Bush, George W. Bush, Former Prime Minister Tony Blair, Hilary Clinton, and many other notable American figures in politics and the news industry. Ron was the vocal coach for The Big Apple Chorus from 2003-2009 during which the chorus became regularly invited to The Barbershop Harmony Society International Competitions. Ron also has coached many barbershop quartets to success in their various competitions. Ron has a NY State Permanent teacher certificate in music, is a member of The National Association of Teachers of Singing, and The Music Teachers National Association.

### Vocal Painting (or “Mind Reading” In Improvised Music) with Merel Martens

Feb 10 @ 12:00 pm – 1:00 pm

Vocal Painting (or “Mind Reading” In Improvised Music)

Mind reading? Well, that’s what it looks like to the untrained eye!

Merel Martens will teach you a series of subtle hand signals that allow groups to do the impossible, making improvised musical leaps together!

Everyone has these little ideas in their head: melody, rhythm, lyrics, etc. Merel helps you turn these ideas into actual music! To frame this, she uses Vocal Painting or “VoPa”. VoPa (created by Jim Daus Hjerno) is a part of Sound Painting (created by Walter Thompson) and is a great tool to communicate non-verbally in (improvised) music.

The VoPa signs are also very useful for working with repertoire!

### Single Singers Rehearsal

Feb 10 @ 1:00 pm – 3:00 pm

This rehearsal is for the Single Singers.

This group is for any singer at any level who is willing to learn the material on his or her own, prior to coming to SingStrong, and willing to perform on stage after just one day together!

We won’t have time to plunk notes so make sure you know your part cold! (You’ll also need a weekend pass (discount, adult or VIP) or a class pass (<http://newyork.singstrong.org/tickets.html>) to participate.)

Contact your director (<http://newyork.singstrong.org/singlesingers-new-york.html>) for learning materials and get ready to sing your heart out!

Participation will cause you to miss a portion of the Saturday 2PM HS Finals in which the top 8 (or more) HS Groups compete.

You will be performing at this concert during the judge's deliberations.

### Beatbox Showcase and Share w Kaila Mullady, Mark Martin, Richard Steighner, Kevin Child and more!

Feb 10 @ 4:30 pm – 5:30 pm

Anyone with a ClassPass, VIP Pass, Full Weekend Pass or Discount Weekend Pass may attend for FREE!

Beatboxers of all ages and all types strut their stuff! This is an open mic type situation with some feedback from experts in the field. This is our first year experimenting with this event so we expect things to be loose and easy going with more structure coming in future years. Maybe we'll have awards. Maybe not. Maybe it's just a fun free-for-all. The main thing is that everyone will be supportive and encouraging. (Except if you go really

long. Then we might have to cut you off). If you want to be guaranteed to get time on the mic, just email Jonathan@Singstrong.org. But we will absolutely accept walk-ups and volunteers on the spot.

### The Business of Show with Kris Vicencio

Feb 10 @ 4:30 pm – 5:30 pm

Sometimes we're better at the "show" than the "business" but that's OK! Kris Vicencio is here to set us straight!

Lesson 1. self-marketing and promotion for the budding a cappella group. If no one knows about your incredible talents, they can't throw bundles of money at you.

Lesson 2. a brief "behind-the-scenes" look at what it takes administratively to take your group to its full potential.

Kris lives just outside of Washington, DC, but he is a native Long Island-er, a Mets fan for life, and his favorite bagel place is "Better on a Bagel" on Miller Place. He studied musical theater and was a founding member of the men's a cappella group at SUNY Oswego. He received his bachelor's degree in Public Relations from the University of Maryland, and has coordinated events for over a decade including collegiate and professional a cappella concerts, music festivals, weddings, military ceremonies, and non-profit fundraisers. He is currently the Volunteer Coordinator for SingStrong DC, a position he has held for several years. Oh, and he'll be an attorney soon. So, he's been busy.

### Vocal Health for Singers and Beatboxers w/ Lynda Antonetti, MS, CCC-SLP

Feb 11 @ 12:00 pm – 1:00 pm

Vocal Health w/ Lynda Antonetti, MS, CCC-SLP

Your vocal health means everything! Trained singer turned Speech Pathologist, Lynda Antonetti shows singers and beatboxers the path to a healthy voice.

Beatboxers, have you ever wondered about the impact of your sound effects on your vocal chords/folds? Lynda will discuss the surprising implications of beatboxing on your vocal health.

This class examines the voice as an instrument and the singer as an athlete. Lynda helps you to determine what type of "voice user" you truly are, and most importantly, points out the common pitfalls that hurt singers and how to avoid them.

Lynda A. Antonetti MS, CCC-SLP, holds a Bachelor of Science in Speech Pathology from SUNY Geneseo and her masters from Nova Southeastern University. She's been a certified Speech Language Pathologist since 1998. But she's always been a singer, with formal vocal lessons beginning at the age of 9. After continuing her studies all the way through her first two years of college, she expanded her path to reflect the need for Speech Pathologists in the world of vocal entertainment. Her clientele has included both adults and children with a variety of disabilities, however her passion is to educate those who utilize their voices for their career.

In addition, snacks, ice cream and a variety of grab and go items are available. Open:

- Friday 7:30AM to 8:30PM
- Saturday 8AM to 7:30PM
- Sunday 8:30AM to 6:30PM

There are also many nearby restaurants (<http://visit.adelphi.edu/eat/>), just 10 minutes or less drive away.

You may want to consider just running out and back so that you can catch any activities, like Spotlight Showcase Performances, that go on during this break.

After all they are included in all passes for free!
